WHAT IS P-TECH?

Pathways in Technology Early College High Schools (P-TECH) are innovative open-enrollment high schools that allow students least likely to attend college an opportunity to receive both a high school diploma and a credential.

WELDING

Clarksville ISD has partnered with Paris Junior College, Turner Industries, and Stacer Group to offer students an opportunity to enroll in the Clarksville ISD P-TECH program focused on welding technology in the manufacturing industry.

The Clarksville ISD P-TECH program:

- Enables students to earn a high school diploma along with a Structural Steel Welding certificate from Paris Junior College.
- Offers work-based learning opportunities in partnership with Stacer Group and local businesses.
- Allows students to gain work experience through internships and other job training programs in partnership with Turner Industries.

COLT STACER

Paris Junior College
Paris, Greenville, & Sulphur Springs, Texas

Certificate in Structural Steel Welding

WLDG 1307 - Intro. to Welding

WLDG 1313 - Intro. to Blueprint Reading
for Welders

WLDG 1417 - Intro. to Layout and Fabrication

WLDG 1428 - Intro. to Shielded Metal Arc
Welding (SMAW)

WLDG 1457 - Intermediate Shielded Metal
Arch Welding (SMAW)

Industry Certifications

AutoCAD Cert. Professional

OSHA-30hr Certificate
